Limetree Bay Terminal: LBT has informed the Office of Policy (OP): that it is interested in applying for a Plantwide Applicability Limit (PAL) permit under the PSD regulations. During Region 2's November 1 bi-weekly call with OP, OAQPS and OGC, it was decided that Region 2 will be the permitting authority for issuing the PAL permit to LBT. LBT intends to submit a PAL permit application by mid-November. During R2's internal discussion on the PAL process it became apparent that an Environmental Justice analysis needs to be performed during the LBT PAL permit application review. This was brought to the attention of OAQPS and a conference call with OGC and OAQPS is scheduled for 11/14 to further discuss EJ.
